intext: – To search within the FULL TEXT of a webpage, example: intext:"Andrew Carnegie was influenced by" (no space after "intext:"). This is also a great way to search for a thesis idea!

allintitle: – Only the page titles are searched not the remaining text on each webpage.

Find the best websites by combining keywords with your searches! Put the name of your topic in quotes and add keywords like:

biography, facts, museum, official, timeline, fascinating etc.

Search newspaper archives back to the 1800s!

Google has scanned Newspapers back to the 1800s but these newspapers cannot be found with a regular Google search. To find articles from scanned newspapers, go to www.google.com and type in **site:google.com/newspapers**, followed by the search terms you'd like to use. For example:

```
site:google.com/newspapers "jay gould"
```

John D. Rockefeller   Cornelius Vanderbilt   Andrew Carnegie   J Pierpont Morgan
