Do you have any particular goals for your child this year?

Do you or your child have any concerns about sixth grade?

What are your child's strengths as a student and a person?

What (if any) are some areas of needed growth we can work on together?

How can I best help your child have a successful year?

Do you have any special talents or interests you would be willing to share in the classroom, or would you be willing to provide classroom support on occasion?

Please feel free to address any other areas you think are important.

Thank you for your help!
