The amount of reading done out of school is consistently related to gains in reading achievement. (National Institute of Education, 1988.)

Dear Students, Parents, and Caregivers:

Brunswick Junior High strongly recommends that students read at least two books over the summer. We encourage students to consider reading any book that matches interests with an appropriate reading level. The Curtis Memorial Library, with its summer reading program, is a terrific resource. Another option may be to follow along with a book while listening to it on a C.D.

Students, when you finish each book, all you have to do is fill out the short form below and have your parent or guardian sign to indicate that you have been seen reading it. During the first week of school, your teacher will ask you to pass in the form. In case you misplace it, the form will be available on the B.J.H. school website. You will also find book lists on the school website. Happy reading!
