Skill Sheet – **Advanced Free Draw**

Skill Description: This skill sheet is for students who love to draw, and who already do a lot of it on their own. If you are passionate about drawing something specific (could be anything, as long as it shows you put serious time and effort into it), this is your chance to show me what you've got!

Materials needed: Your choice of drawing materials

Directions: Show off! Show me what you love to draw – it could be from observation or imagination, but it should be obvious that you spent a lot of time and effort on it, and it should be done to the best of your ability.

You may do your drawing on the back of this paper, or on a blank piece of computer paper.

WARNING:

With a Skill Sheet this open-ended, I will be extremely picky about what I will accept. Do not choose this Skill Sheet unless you are willing to take it seriously!
