

**MISS NOVAK'S 2017 CLASS WROTE "PET PLANET"
TO THE TUNE OF "OH! SUSANNA!"**

If you ever saw Pet Planet
through a fancy telescope
It looks a lot like Saturn
but the rings are made of soap
It's a place where all the animals
can do the things they dream
The bunnies all eat carrots
and cats all eat mice-cream

On Pet Planet

The cats are all in charge
Even though the dogs are louder
And they're very large

Up here on Pet Planet
the dogs can all eat shoes
The parrots get more crackers
and chameleons get the blues
The turtles get a bigger beach
iguanas get more flies
Frogs all get a mud Jacuzzi
and penguins get bowties

On Pet Planet

The cats are all in charge
The horses all eat apples
And the dogs are living large

Up here on Pet Planet we all
have different jobs

The farmers are all bunnies
And the janitors are frogs

The poodles all are fashion
models

sprinters all are snakes

Turtles all sell pizza

flounders make pancakes

On Pet Planet

The cats are all in charge
The birds all run the airports
And the dogs are royal guards

Going to the racetrack

hear the tires squeal

The drivers are all hamsters
they love to turn the wheel

The goldfish all love football

the boxers love to box

The sheep are great at soccer
they always work in flocks

On Pet Planet

The cats are all in charge

The lovebirds all play tennis

And the dogs are great at cards
