

You Are My Stuffy by Mrs. Vellella's Class 2017
Sung to the tune of "You are my Sunshine"

You are my stuffy, my favorite stuffy
You make me happy when I am down
When you are with me I'm never lonely
I think of you and I don't wear a frown

I don't remember the day I got you
Cuz I was only 2 days old
But Momma told me you were my best
friend
You warmed me up when I was cold

You are my stuffy my favorite stuffy
You make me happy when I am down
When you are with me I'm never lonely
I think of you and I don't wear a frown

I take you bowling or to the theater
We go to FunTown and we ski
Go to the doctor's or California
You go everywhere with me

You are my stuffy my favorite stuffy
You make me happy when I am down
When you are with me I'm never lonely
I think of you and I don't wear a frown

The other night I had a nightmare
I couldn't sleep I was so scared
I looked around until I found you
Right beside me on a chair

You are my stuffy my favorite stuffy
You make me happy when I am down
When you are with me I'm never lonely
I think of you and I don't wear a frown

Remember Kitty when she was hungry
Remember puppy when he was mad
You've lost your eyes, your ears, and
nostrils
For this and more I feel really bad...cuz

You are my stuffy, my favorite stuffy
You make me happy when I am down
When you are with me I'm never lonely
I think of you and I don't wear a frown
