

Mr. DeCamilla's class

(to the tune of Oh Susannah)

(chorus)

HBS, So happy to be here
It's super fun and welcoming
And all our friends are near.

I'm 9 years old in Brunswick, ME, I like to write and read
I'm waiting for the school bus, to take me where I need.
It's the place I like to go, almost every day
To see my friends and teacher too
To sing and learn and play.

(chorus)

When I go to HBS, I start my day with pride
I say hello to everyone, 'til the bell calls us inside.
Then it's up to Mr D's where we all take turns
To say bonjour & buenos dias
Then we start to learn.

(chorus)

Monday is for art class, where we let our brushes prance
Tuesday is for music, where we go to sing and dance.
Thursday is for library and books around the world,
Friday is for PE where we run and twist and twirl.

(chorus)

I'm going to the lunchroom to see what's good to eat.
Chicken tenders, pizza Friday, maybe taco meat
After that we go outside to play with all our friends.
Playing tag and hide and seek, we wish it never ends.

(chorus)

The afternoon is lots of fun, we're studying the moon.
Then we go to chorus and we sing our favorite tune.
After that it's math time, we learn to multiply.
We shake hands with Mr. D, then we say goodbye.
