

Ms. DeLarmarter's Class

*(to the tune of My Darling Clementine)*

(chorus)

Come to Maine please,  
On a train please  
On a boat or on a plane.  
We've got all the  
Things you need here,  
In our favorite state of Maine.

In my home state,  
We have oceans  
Full of lobsters,  
Full of fish.  
Dig some clams up,  
Catch some crabs and  
Then you put them on a dish.

At the beach go in the water  
Or build castles made of sand.  
Go to Reid or go to Popham  
Now you've covered lots of land.

(chorus)

In my home state,  
We have forests  
Full of foxes, squirrels and deer.  
Chickadees sing in the branches  
And the pine tree's green all year.

You can camp and  
You can snowshoe  
Climb a tree or ride a bike.  
Pack a picnic, climb a mountain,  
Look for berries on a hike.
