

# Bailey Island's Weekly Update

Check out your new ANB! This will help organize your workload for the week. If you have any questions, please send an email to the corresponding teacher you need information from at that time.

Check your Google Classrooms daily. See what's due for the week on this new ANB.

Finally, clean out your Gmail where all your emails are located. Pay attention to emails sent from teachers. Most likely your teacher is looking for a response from you. *Remember, get in a habit of checking your email everyday.* It is important for you to understand that the school computers, email, Google Chrome, Google Classroom and other apps should be used for educational purposes. Please be mindful that nothing you do on a school laptop or using school email is private. Email goes through the Brunswick School Department server and all emails are archived for 5 years. Even though you may delete an email, it stays on the server and is accessible for 5 years. Use your email for educational purposes.

Team Bailey
