<u>How to Join a Zoom Call from a</u> <u>Chromebook</u>

- 1. Open the Zoom link you have been shared (through email, calendar, etc.)
- 2. The first time you open Zoom it will show this page, and ask you to install Zoom. This will only happen the first time.

- 3. Click on the blue button that says Install from Chrome Web Store.
- 4. It will take you to the Chrome Web Store. Click the blue Add to Chrome button.

5. You will get a pop up box that asks to Add Zoom. Click the white Add App button and it will install. (It is a pretty quick install).

Add "Zoom"?	×
It can:	
Exchange data with any device on the local network or internet	
Write to files and folders that you open in the application	
Use your microphone and camera	
Communicate with cooperating websites	
Capture content of your screen	
Add app Cancel	

6. Once Zoom installs, it will open up with the meeting id from your link. In the box below the meeting id, put in your name so people know who is attending the meeting, then click Join.
