

Pre-K Home Learning: *Week 4*

Dear Pre-K Families,

I am so grateful to be a part of this wonderful Coffin School community. I can't thank you enough for your flexibility and patience during this time. Whether you are an essential worker, working from home, or not able to work right now, we are all feeling this immense change and uncertainty. I deeply appreciate you taking the time to work with me in educating your child.

This week, we are starting a new unit, entitled "Shadows and Reflections." I love this unit because it focuses on experiments with light and reflective materials, but it also ties in learning about animals in Maine! Here is the plan from our week, but please still look for our Daily Pre-K Email if you are able!

Be well,
Ms. Valente
