

MRS. PECK-MOAD'S SILLY WORKOUT

Roll the dice once to decide what animal you are, then again to see how fast they are moving, and the third time to see the pathway they are using. Act out the silly movement! Don't have a dice? Write the numbers 1 thru 6 on small pieces of paper and draw them out of any container one at a time! See how many combinations you can do!

Rolled #	ANIMAL	SPEED	PATHWAY
		FAST	
		SLOW	
		MEDIUM	
		SUPER SLOW	
		MEDIUM	
		FAST
