

Pre-K Home Learning Plan: Week 10

Dear Pre-K Families,

This plan is for the third week of Unit 6, “Things That Grow!” We will be continuing Unit 6 for one more week after this. For the remainder of the school year, we will focus on our feelings surrounding transitioning to our new school, saying goodbye for a little while, but also looking forward to saying hello again!

Thank you again for carving out time to stay connected. I could not have asked for a stronger community to experience these times with!

Many thanks,
Ms. Valente
