

Mission: Follow the meteors, complete each task to guide the astronaut back to his space shuttle!

Act out putting on your space suit and helmet!

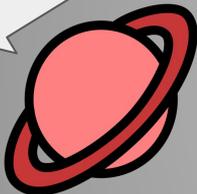

Balance on one foot and spell your name.

Make up your own mission, be creative!

Countdown from 10 and blast off! Go high!

Balance on one hand and one foot!

You saw a space monster, quick hide!

Walk backwards 20 steps, see the shuttle yet?

Go on a space walk, remember no gravity!

Balance on your knees and look around for the shuttle!

Balance on one foot and count to 20, five times!
