

Pre-K Home Learning: Week 7

Dear Pre-K Families,

I hope you are safe and well! This is the last week of our fifth unit, “Shadows and Reflections.” Next week, we’ll start our final unit of the year, “Things That Grow,” hopefully just in time for warmer weather! I will attach our May newsletter, outlining that unit in more detail, to next week’s plan.

As always, I’m so grateful for your patience as I navigate my spotty internet connection and wild cat! Both completely have a mind of their own.

Please reach out if you have questions about this plan or are looking for additional resources!

Many thanks, **Ms. Valente**
