	Research “What Part of the Plant Are We Eating?” (see attachment!)				
Art	Draw a big pot of vegetable soup! What ingredients would you add to your soup? Who would you share it with? Could you add those things to your picture?		Draw a picture of an adventure you went on with your family! It might be real or one you imagined.!	Draw your favorite fruits and vegetables!	
Math & Science		<p>Inside/Outside or the Hoop Game! Make a circle on the ground (out of a hula hoop, scarves, toys) and toss 5 items (bean bags, balled up socks, etc.) towards it. How many went inside the circle? How many outside? How many total? Which has more - inside or outside?</p> <p>Link to video: https://earlymath.eriakson.edu/the-hoop-game-simple-tossing-game/</p>	Expand on Soil Exploration! This time when you explore dirt and soil, ask a grown up if you can add some water to it. How does adding a little water change the soil? What if you add more? What do you think would happen to wet soil if the sun was shining on it all day? Do an experiment and check the same spot tomorrow to see the results.	More, Fewer, Less Read Aloud and activity with Ms. Valente! (stay tuned for a video)	
Constructive & Dramatic Play	Making soup! Ask a grownup if you can use pots, a spoon, or other kitchen items to pretend to make vegetable soup!
