

Welcome to Mrs. Sapp's Kindergarten in room 2 at Coffin School. This newsletter will be sent to you each month to let you know what we have been up to!

We have had a busy September here in room 2. This month we have spent a lot of time learning our school and classroom rules and routines. Our classroom community is coming along very nicely and in October we will still be working to build a strong community together. I would like to *thank you* all for your support of the slow start we had for the transition into kindergarten. I know it is not easy around your work schedules and childcare, but it meant so much to have your patience and flexibility with that first week. It has made a huge difference for your children and I can see the success of this in our classroom!

We have been learning about our names and practicing our letters. We have read many books about kindergarten and school. We have been reading chants and poems together as a class as well. I know many of you saw

our first two poems in our poetry notebooks during open house! There will be many more to be added throughout the year.

In math, we have learned about the numbers 1-5 in chapter 1. We have learned about the calendar, recording the weather and we have counted the number of days we have been here at school. So far, we have been in Kindergarten for 18 days! Ask your child if they can remember the "Days of the Week" song!

Mrs. Sapp has a website! On the website, you will find each one of these monthly newsletters. Also on the website you can learn about Mrs. Sapp, see our daily schedule, there is a list of awesome websites we will use here at school throughout the year, a link to the Coffin webpage and a link to email Mrs. Sapp. Please check it out here → <http://www.brunswick.k12.me.us/jsapp>

This month we met **Ms. Watson**, our school behavior interventionist. Ms. Watson came into our classroom to teach us lessons in Second Step. She will join us every Thursday.

**Puppy and Snail** have been teaching us about our listening rules. They have taught us four rules- eyes watching, ears listening, voice quiet and body still. They have also shown us how to use our “attent-o-scope!” Ask your child to show you the signals for each of these!

- October 6- Teacher Workshop Day, No School
- October 9- Columbus Day, No School
- October 20- Field trip to the Farmer’s Market (Rain Date October 24)
- November 7- Picture Retake Day

\*If your child requires a spoon for their lunch or snack, please remember to pack them one each time!

\*If you haven’t already, please send in an extra set of clothing or replace them if they were already used. Accidents happen sometimes and we want to be prepared! If you sent in clothes already, you may want to send warmer clothes to replace the summer outfits.

\*Thank you for working with your child on what they will be having for lunch. Your children are very responsible!

\*Please check your child’s red take home folder *daily* and also return it to school *daily*!

Our class is off to a great start to the year and I am so excited for our year ahead!
