Inherited Traits: Organizing Information

Purpose: To investigate the inherited traits of students in the classroom, organize the information in a chart, and present the information as a set of bar graphs.

Materials Needed: This paper; a writing tool

Procedures:

1. Interview each student in class.
2. Ask each student these questions--
 - A. Can you curl the sides of your tongue upward in a tongue roll?
 - B. Do you have attached or unattached earlobes?
 - C. What color are your eyes?
3. Record the results in the chart below, using checks or tick marks:

Trait	Students with Traits	
A. Tongue Roll		
B. Attached Earlobe		
C. Unattached Earlobe		
D. Blue Eyes		
E. Brown Eyes		
F. Other Eye Color		
G. Widow's Peak (E.C.)	YES	NO

4. Graph the results on the back of this sheet.
