

# Field Trip to CREA (Cathance River Education Alliance)

Tuesday, October 16<sup>th</sup>

**9:15:** Leave from bus drop-off side of building

**9:30:** Arrival and introductions

**9:50-11:00:** Geology Hike and Outdoor Lesson

**11:00:** Lunch

**11:20-12:30:** Ecology Center lesson and mineral/rock identification.

**12:35:** Load buses

**12:50:** Return

Upon returning it will be recess break, Read Aloud, Review of Day and PE.

**A good hearty breakfast** will be important. There will be no time for a morning snack. However, students may want to pack a snack for the afternoon at school during read aloud time.

## Clothing

- Wear warm layers because temperatures this time of year can fluctuate quickly; especially when near water. Hats and mittens may be needed – pay attention to forecast for day.
- Rainproof jacket – we'll be going even if there is a light drizzle. .
- Shoes need to be something that is warm, comfortable, and supportive with good traction. Depending upon wet and muddy conditions, you may want to pack an extra pair of socks and shoes for changing when we return to school.
- Sneakers for PE in afternoon will be needed.
- Sunscreen and bug repellent applied at home depending on your child's sensitivity and need this time of year.
- Sunglasses depending on your child's need, responsibility and/or the forecast for sun.

**Packed lunches either from home or school will be needed. If you signed up on the permission slip for a cafeteria bagged lunch, then your child is all set.**
