

Ms. Groves AP Statistics Syllabus for 2024-2025

Grading: 10% Homework and Classwork
90% Tests, Quizzes, and Projects

TI-84+ Calc. **REQUIRED**
2½" Notebook Recommended
Tip: Organize by chapter; plus AP tips tab

Philosophy: This is a college level course. I expect students to work at a college level.

Book: The Practice of Statistics (abbreviated TPS4e). **BOOK MUST be COVERED at all times \$\$\$**

HW: Homework will be assigned every class. You must show all of your work clearly to receive full credit. You are responsible for checking your own answers from the book, my web site, or see me. I grade homework on **completion & NEATNESS**, not correctness.
 • Grading: $\sqrt{+}$ (100%); $\sqrt{0}$ (90%); $\sqrt{-}$ (70%); **NW/NC** (0%).
 • **Late homework (IP)** - minus 20 points/SCHOOL day late; IP NOT accepted after chapter test.

Tests: Test Corrections are encourage to earn half of your points back within 2 class periods to complete.

AP Exam Taking the AP Stats Exam is optional and not required

USM Credit All students will be signed up for USM credit (4-math credit and there is NO cost)

Absences If you are absent for a test, **you are expected to take tests the day you return** so I may hand back tests promptly. Make Up Tests are typically multiple choice only.

Help: See me or email pgroves@brunswick.k12.me.us with questions or to set up a time to get help.

My Web Site: See [my web site](#) for assignments, notes, HW answers, study guides, etc.

Academic I expect academic integrity at ALL times. Cheating, plagiarism, unauthorized collaboration, copying others' work will

Honesty NOT be allowed and will result in a **zero for all students involved**.

Quarter 1	#classes	Aprox Test Date
AP Chapter 1 Exploring Data (basic statistics and graphs)	3	Chapter 1 Test
**** Summer Assignment DUE 1st class (no exceptions): 8-12 hours		3rd Class (~sep12)
AP Chapter 2 Modeling Distributions of Data	5	1st wk Oct
AP Chapter 3 Describing Relationships (linear regression)	6	Late-Oct
Quarter 2		
AP Chapter 4 Designing Studies	6	Mid-Nov
AP Chapter 5 Probability	6	2nd wk Dec
AP Chapter 6 Random Variables (QUIZ)	8	Early-Jan
AP Chapter 7 Sampling Distributions	6	Quiz week after MT's
Mid-Term Exam (Covers Chapters 1-7)	na	Week Jan20
Quarter 3		
AP Chapter 8 Confidence Intervals	7	Late-Feb
AP Chapter 9 Test a Claim	7	Late-Mar
AP Chapter 10 Comparing Two Populations or Groups	6	Late-Apr
Quarter 4		
Cumulative Inference Test (Chapters 8-10)	1	Early May
For Students taking the AP Exam:
