None

**Presentation: PDT Architects**

Lyndon Keck presented options for the School Board, as requested in June 2014. (see attached agenda) He discussed the probability of working with the state. At this time there is no date for applications. He's been told it will be 2 years before the state calls for applications. Ten years of waiting may not be long enough. Lyndon also reviewed timelines for referendum, documents and construction. Historically construction costs increase on average of 2.5% per year. Last year it was 4.5%. PDT will have to review the estimated numbers of each option and get back to the School Board.

**Discussion, possible action on next steps.**

Time is needed to obtain more information from PDT. The School Board wants to hear the thoughts of staff. What does the application process look like? They want to try to look past the present need and be strategic about the decision.

**Adjournment**

The meeting was adjourned by unanimous consent at 7:45 p.m.
