Status of Current District Projects

Heat pipe at Coffin is complete. Generator at HBS and BJHS is not complete yet. Boiler repair is at a point where it might be cost effective just to replace the boiler. \$22,000 for repairs versus \$60,000 for new boiler. Money saved from the roofing projects will help to pay for it.

Discussion: Future Uses for Coffin and Hawthorne Buildings

Options for Coffin: revisited YMCA, REAL School, BJHS, moving central office to Coffin. The three leased portables will be picked up by the company we lease from. The four older ones will be sold or removed. Will produce some cost proposals for moving central office to Coffin.
