RE: **Student Computer & School Internet Use Permission Form**

The Brunswick School Board and School Department are pleased to be able to offer computer and internet use to its students. However, this educational use of technology requires not only an understanding, but a commitment by our students and their parents for the appropriate use of such technology.

In order for the school department to extend full access and use of its technology to your child, it is necessary that you and your child complete the following three requirements:

1. Review the Brunswick School Department policy (File IJNDB) and regulations (File: IJNDB-R) on Computer and Internet Use,
2. Sign this permission form acknowledging a review of the policy and regulations,
3. Return this signed document to the school.

Your signature below signifies that you and your child have read, do understand and will act in accordance with the Brunswick School Department policy and regulations on Student Computer and Internet Use.

If you have any questions regarding this policy, please do not hesitate to contact your child's teacher, the school principal or the school department's technology supervisor at the superintendent of schools' office.
